Jackson County Conservation Board
Safety and Care Points for Live Trap

1. Read all manufacturer's instructions before using live trap.
2. Never reach into an occupied live trap. Always use heavy leather gloves when handling live animals.
3. Trapped wildlife can be released in Jackson County Wildlife Areas (Prairie Creek, Buzzard Ridge, Pine Valley, Baldwin Marsh, Cottonville, Black Hawk)
4. If animal is exhibiting unnatural behavior (foaming, head down, stumbling, thick mucus) please contact our office before release.
5. Domesticated animals (i.e. feral cats) are **not** to be released on county Trap property.
6. Trap should be cleaned with bleach or vinegar before return.

I have read, or have had read to me, the above safety/care points prior to renting a live trap from the Jackson County Conservation Board. I understand that by renting, I am assuming any and all risks associated with trapping and handling wildlife whether by myself, or any other person who uses the equipment I have rented from the Jackson County Conservation Board. I hold harmless the Jackson County Conservation Board, its employees and representatives.
